Timeline

Page of

The image displays two identical, vertically oriented timeline templates. Each template is enclosed in a rectangular frame with L-shaped corner markers at the top-left and bottom-right. The central horizontal axis is a timeline grid. It features a top row of 16 diagonal lines, each starting from a small square marker on the horizontal axis and extending upwards and to the right. Below this is a horizontal line with 16 vertical tick marks. Underneath these are two rows of 16 small vertical tick marks each, creating a fine grid. At the bottom of the grid is another horizontal line with 16 vertical tick marks, and a bottom row of 16 diagonal lines, each starting from a small square marker on the horizontal axis and extending downwards and to the right. The entire grid is flanked by vertical lines on the left and right sides.
